

## **Habitandando 2019**

### **A tradition of innovation**

Italy, 13 – 28 July 2019

*What is Habitandando?* Habitandando is a mobile workshop that every year brings to Italy students of architecture from several countries. In 15 days, they get to know different Italian cities and regions, dealing with issues related to architecture, landscape, heritage and territorial development

*How does Habitandando work?* “The travel as method, the territory as classroom” is the motto of Habitandando. Travel is the method: to know a place experiencing it directly, using it to generate and test ideas. The territory is the classroom: every stage of the travel focuses on a specific topic and having the territory as classroom allows to observe every issue directly, building incrementally one’s knowledge about a certain place..

*Where does Habitandando go this year?* The topic of Habitandando 2019 is “A tradition of innovation”. The workshop will show different experiences and places of Italy that, in different epochs and forms, have innovated and keep innovating economy, culture, production and landscape. Innovation today has manifold faces and has relevant consequences for architecture and the territory. And in Italy manifold are the examples of innovation, renowned worldwide: from the first university to laboratories of nuclear physics, from the valorization of the food tradition to IT pioneers, to new experiences of social innovation that faces in new ways the new challenges of the contemporary society. History mashes with experimentation and is a recurrent element in the history of Italy: in two weeks, Habitandando will make you know this tradition of innovation.

*How do I participate in Habitandando?* Habitandando is organised by the association Dialoghi in Architettura. It is possible to take part in the whole workshop or only in one module. Participation is with fee, while accomodation and food are in charge of each participant. For information, visit <https://www.dialoghinarchitettura.org/inicio> or email [segr.architettura@focolare.org](mailto:segr.architettura@focolare.org)
